Mapas

Some embedded interesting maps

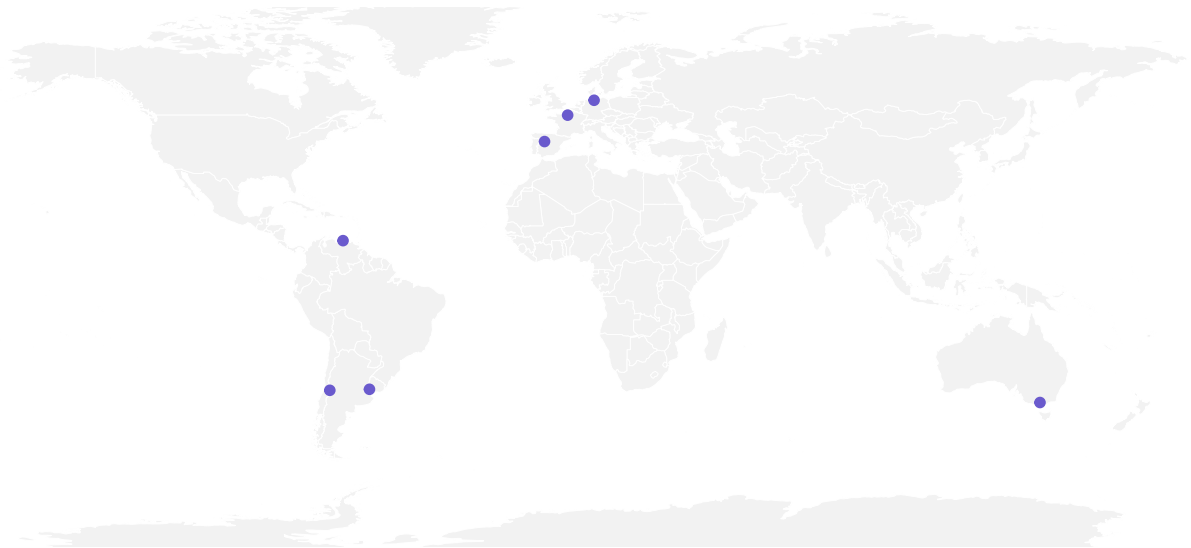

Hexagonal Map

Setting map with linked cities

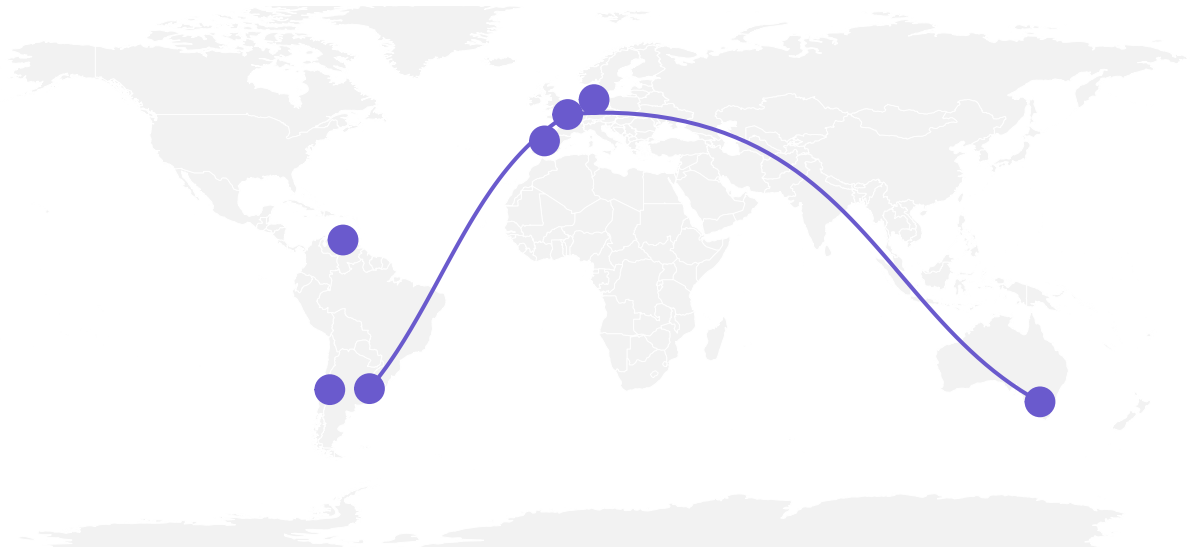

In the chunk bellow we can set cities we want to display on the map and in the following examples we will be addig different features

```
##  
## Attaching package: 'dplyr'  
  
## The following objects are masked from 'package:stats':  
##  
##   filter, lag  
  
## The following objects are masked from 'package:base':  
##  
##   intersect, setdiff, setequal, union
```

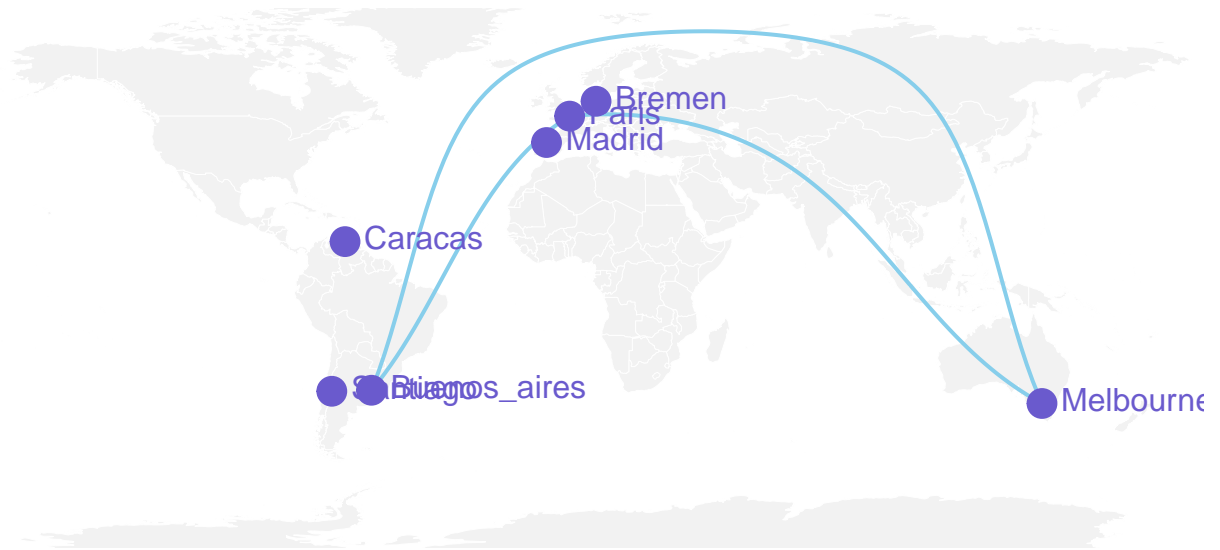

Map with travel links basic

In this we can add lines that links different cities

Map with travel links

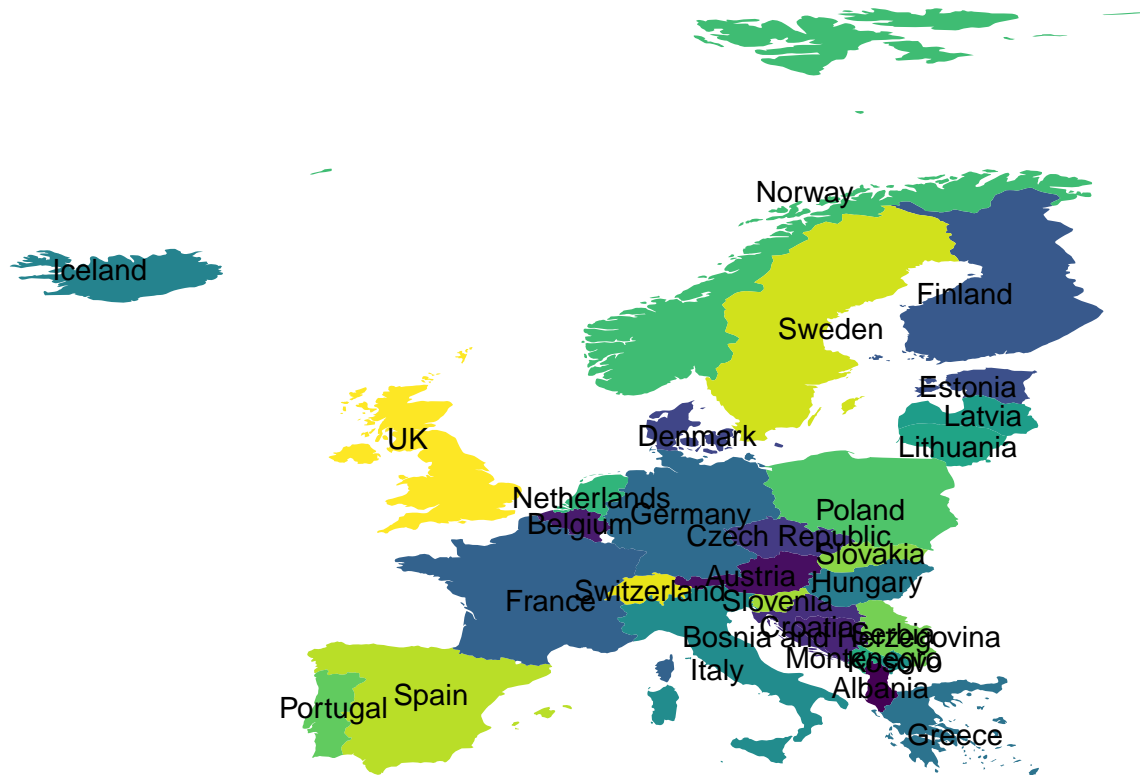

World map

```
## Loading required package: viridis
## Loading required package: viridisLite
##
## Attaching package: 'viridis'
## The following object is masked from 'package:maps':
##
##      unemp
```
